Standard and Warranty

|	
Standard	ISO17966
Warranty	Expected service life of the shower seat is 10 years, provided that maintenance is carried out correctly. We makes a commitment to remedy material and manufacturing defects for a period of 3 years from the invoicing date.

Cleaning and Care Guide

1.The product is to be cleaned with hot water or a mild soapy cleaning agent.
2. We recommend that chalky deposits be removed from aluminum parts using a solution of 3:7 acetic acid: tap water. When the aluminum parts have been washed down with this solution, the parts must be wiped over with a damp cloth, wrung out in clear water. The product must be wiped down with a soft rag wrung out in clear water immediately after cleaning, as some materials may otherwise be discolored and stained, and the surface coating may deteriorate.
Warm Note: Do not use chlorine based, corrosive or abrasive cleaners as it may result in the surface being damaged.
